new ideas are born

Key
advantages

Light

Natural light that supports focus and visual comfort. Patented LED technology with a 98% CRI faithfully mimics daylight, reduces eye strain, supports your biorhythm, and helps maintain productivity throughout the day.

Silence

Silence that creates space for focus. High-quality materials, quiet ventilation, and precise soundproofing provide ideal acoustic conditions for work, phone calls, and video meetings.

Design

Aesthetic with purpose. Minimalist lines, premium materials, and an ergonomically designed interior create a space that feels light, comfortable, and timeless. An exceptional design recognized with the Red Dot Award: Product Design 2025.

Air

Fresh air without distracting noise. The quiet ventilation system ensures rapid air exchange and a pleasant climate, even during long working hours. Airflow intensity can be easily adjusted via a digital display.

Office landscaping

Flexibility that adapts to the way your team works. Modular acoustic elements like GEN4 pods create zones for focus, collaboration, and relaxation. Each component maximizes office functionality and allows for sustainable space adaptation without the need for construction.
